

## Spotlight Area: Marblehead, MA

Galatea sailed from Marblehead to Provincetown, MA in August to test out some new rigging and sail with our original crew who brought her North from Florida last summer, namely, Gui, Dava, Gordie, Jim, and (Jorge missing). New crew included Ann, Normand, Serge, and Suzanne. All systems are working well and the final outfitting of the new water and fuel tanks is scheduled to be completed by September.
